Notes to and forming part of the financial report For the Year Ended 30 June 2020

1. Summary of Significant Accounting Policies

The directors have prepared the financial report on the basis that the Company is a non-reporting company because there are no users dependent on a general-purpose financial report. The financial report is therefore a special purpose financial report which has been prepared in order to meet the requirements of the *Corporations Act 2001* and the *Australian Charities and Not-for-Profits Commission Act 2012*. The Company is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards.

In preparing the financial report, the following Australian Accounting Standards required by the Australian Charities and Not-for -Profit Commission have been adopted:

AASB101 Presentation of Financial Statements

AASB107 Statement of Cash Flows

AASB108 Accounting Policies, Changes in Accounting Estimates & Errors

AASB1048 Interpretation of Standards

AASB1054 Australian Additional Disclosures

Such accounting policies are consistent with the previous period unless stated otherwise

The financial report has been prepared on an accrual basis, except salaries and wages expenses, and is based on historical cost unless otherwise stated in the notes. The accounting policies that have been adopted in the preparation of the statements are as follows:

(a) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash in banks and investments in money market instruments.

(b)Trade and Other Receivables

Trade and other receivables include all amounts due from services in the ordinary course of business. All trade and other receivables are expected to be received within 12 months and are therefore classified as current assets.

(c) Plant and Equipment

The depreciable amount of all fixed assets are depreciated over the useful lives of the assets to the Company commencing from the time the asset is held ready for use. The depreciation method and useful life of assets is reviewed annually to ensure they are still appropriate.

The depreciation rates used for each class of depreciable assets are:

Class of fixed asset	Depreciation rates	Depreciation basis	
Motor Vehicles	20%	Straight-line	
Furniture & Fixtures	33.3%	Straight-line	
Plant and Equipment	33.3%	Straight-line	

Notes to and forming part of the financial report For the Year Ended 30 June 2020

1. Summary of Significant Accounting Policies (cont.)

(d) Trade and Other Payables

Trade and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the Company during the reporting period that remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

(e) Employee Provisions

Provision is made in respect of the Company's liability for annual leave and long service leave.

Long service leave is accrued based on the probability of employees with over 5 years of service reaching entitlement after 10 years of service. Annual leave is recorded at the nominal amount.

(f) Income in advance

Income received in 2019-2020, in relation to 2020-2021 activities, has been brought to account as a current liability.

(g) Donation and Fundraising Income

Donation and fundraising income are recognised when the Company obtains control over the funds, which is on receipt.

(h) Grant Income

Grants are assistance provided by the government or other body in the form of transfers of resources to the Company in return for past or future compliance with certain conditions relating to the operating activities of the Company. Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attached to them and the grants will be received.

(i) Interest Income

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

(j) Membership Income

Membership income is recognised in revenue in the year to which it relates.

(k) GST

Income, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST receivable from, or payable to, the ATO is included with other receivables or payables in the balance sheet.

(I) Accounting Standard Changes

The AASB has issued a number of new and amended Accounting Standards that have mandatory application dates for future reporting periods, some of which are relevant to the entity. The directors have decided not to early adopt any of the new and amended pronouncements. Diabetes Australia – Tasmania's preliminary assessment of the new and amended pronouncements that are relevant to Diabetes Australia – Tasmania is that they will not significantly impact the financial statements of the entity.

Notes to and Forming Part of the Report For the Year Ended 30 June 2020

1. Summary of Significant Accounting Policies (cont.)

(m) Related Party Transactions

During the financial year no services of organisations in which Directors of the Board have a relationship on a commercial basis has been entered into. If conflicts of interest arose, Directors have complied with the conflicts of interest policy and have, where appropriate, declined to participate in Board discussions and decision-making.

(n) Subsequent Events

There were no subsequent events for Diabetes Tasmania as at 30 June 2020.

(o) Economic Dependency

Diabetes Tasmania is dependent on Government Funding for most of its revenue to operate the business. At the date of this report the Board of Directors has no reason to believe the Government will not continue to support Diabetes Tasmania. On this basis the Board has prepared these financial statements on a going concern basis.

(p) Leasing

The Company leases premises at three service delivery locations as outlined below:

Premises	Landlord	Commencement	Term	Rental
7/152 Macquarie Street, Hobart	Ceres 152 Pty Ltd	1 October 2017	3 Years + 3-year option	\$70,225 + CPI increase annually
64 Cameron Street, Launceston	RÂJ Agencies	1 November 2018	1 year currently negotiating further lease and options	\$31,744 + CPI increase annually
2/45 Best Street, Devonport	Cancer Council	1 July 2018	5 Years + 5-year option	\$8,505 + CPI increase annually

With the exception of short-term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability. Diabetes Tasmania classifies its right-of-use assets in a consistent manner to its property, plant and equipment.
